- (b) whether Government has taken note of the discontentment amongst farmers on account of shortage, non-availability and ill-timed supply of fertilizers; and
- (c) if so, the details thereof along with remedial steps taken to increase the supply of fertilizers to the farmers of the country?

**ANSWER**

MINISTER OF STATE FOR CHEMICALS & FERTILIZERS

**(SHRI BHAGWANTH KHUBA)**

---

(a) to (c): The details of the major State-wise fertilizer manufacturing companies/plants operating in the country are at **Annexure**.

Urea is provided to the farmers at a statutorily notified Maximum Retail Price (MRP). The MRP of 45 Kg bag of urea is Rs. 242 per bag (exclusive of charges towards neem coating and taxes as applicable). The difference between the delivered cost of urea at farm gate and net market realization by the urea units is given as subsidy to the urea manufacturer/importer by the Government of India. Accordingly, all farmers are being supplied urea at the subsidized rates.

As far as P&K fertilizers are concerned, Government has implemented Nutrient Based Subsidy Policy w.e.f. 1.4.2010 for Phosphatic and Potassic (P&K) Fertilizers. Under the policy, a fixed amount of subsidy, decided on annual/semi-annual basis, is provided on 1 subsidized P&K fertilizers depending on their nutrient content. Under this policy, MRP is fixed by fertilizer companies as per market dynamics at reasonable level which is monitored by the Government. Accordingly, the latest subsidy rates for P&K fertilizers under the NBS Scheme are as under:

<b>S. No</b>	<b>Nutrients</b>	<b>NBS rates for Kharif 2023 (Rs. Per kg of nutrient) (from 1.4.2023 to 30.9.2023)</b>
1.	N	76.49
2.	P	41.03
3.	K	15.91
4.	S	2.80

The availability of chemical fertilizers (Urea, DAP, MOP& NPK) in India has remained comfortable during the ongoing Kharif 2023 season. Following steps are taken by the Government every season to ensure adequate and timely availability of fertilizers to the farmers in the country are as under:

- i. Before the commencement of each cropping season, Department of Agriculture and Farmers Welfare (DA&FW), in consultation with all the State Governments, assesses the state-wise & month-wise requirement of fertilizers.
- ii. On the basis of requirement projected, Department of Fertilizers allocates sufficient/ adequate quantities of fertilizers to States by issuing monthly supply plan and continuously monitors the availability.
- iii. The movement of all major subsidized fertilizers is monitored throughout the country by an on-line web based monitoring system called integrated Fertilizer Monitoring System (iFMS);
- iv. The State Governments are regularly advised to coordinate with manufacturers and importers of fertilizers for streamlining the supplies through timely placement of indents for railway rakes through their state institutional agencies like Markfed etc.
- v. Regular Weekly Video Conference is conducted jointly by DA&FW and DoF with State Agriculture Officials and corrective actions are taken to dispatch fertilizer as indicated by the State Governments.
- vi. The gap between demand (requirement) and production for Urea & other fertilizer is met through imports. The import for the season is also finalized well in advance to ensure timely availability.
