

GOVERNMENT OF INDIA  
MINISTRY OF AGRICULTURE AND FARMERS WELFARE  
DEPARTMENT OF AGRICULTURE AND FARMERS WELFARE

**LOK SABHA**  
**UNSTARRED QUESTION NO. 307**  
ANSWERED ON 5<sup>TH</sup> December, 2023

**USE OF CHEMICAL PESTICIDES**

307. SHRI VIVEK NARAYAN SHEJWALKAR:

Will the Minister of AGRICULTURE AND FARMERS WELFARE कृषि एवं किसान कल्याण मंत्री be pleased to state:-

- (a) whether the consumption/use of chemical pesticides in the country has witnessed increase due to lack of awareness among farmers during the last several years;
- (b) if so, the details thereof; and
- (c) the steps being taken by the Government so far to reduce the use of chemical pesticides?

**ANSWER**

THE MINISTER OF AGRICULTURE AND FARMERS WELFARE  
कृषि एवं किसान कल्याण मंत्री (SHRI NARENDRA SINGH TOMAR)

(a) to (c): State Governments and Union Territories report data related to consumption of pesticides to Central Government. As per the provided data, the trend of consumption of chemical pesticides has varied from year to year and State to State. The state wise details on consumption of chemical pesticides and bio-pesticides is attached at Annexure-I and II, respectively.

Use of Pesticides depends on several factors like area under cultivation, type of crop, cropping intensity, agro climatic conditions, soil condition, weed, insect and disease situation etc. However, with the objective of educating, orienting and training of farming community about the judicious use of pesticides and use as per the prescriptions given in the label and leaflets, Central and State Governments through their field agencies ensure that farmers are

provided right knowledge/ information about recommended pesticide use.

Further, Ministry of Agriculture and Farmers Welfare through its Krishi Vigyan Kendras (KVKs), ICAR and Central Integrated Pest Management Centers (CIPMCs) located in 28 States and 2 UTs, etc conduct various training programmes such as Farmers Field Schools, two/five days HRD programmes, Kisan Goshthis, IPM Exhibitions and Seed Treatment Campaigns where awareness is created amongst farmers, Pesticide dealers/State agriculture functionaries on use of bio pesticides, bio control agents and botanical formulations as an alternative to chemical pesticides for pest management, safe and judicious use of chemical pesticides, usage, dose and label claim instructions as approved by RC.

Moreover, Government of India has taken various steps to promote the use of bio pesticides. Simplified guidelines have been formulated by Registration Committee (RC) for the registration of bio pesticides. For bio-pesticides, provisional registrations are being granted under Section 9(3B) of the Insecticides Act, 1968 alongwith the permission for commercialization during the provisional registration period of two years based on the confirmation of molecular identity of the strain from ICAR-National Bureau of Agriculturally Important Microorganisms (ICAR-NBAIM) and quality verification of the product from Central Insecticide Laboratory (CIL).

Annexure-I

**STATE-WISE CONSUMPTION OF PESTICIDES**
